

Division 02 **Apparatus and Equipment**

Chapter 07 – Apparatus Towing/Repair Required During Non-Emergency Activities

February 2009

POLICY

There shall be a policy established governing the proper action to be taken when apparatus participating in non-emergency activities outside of the County requires towing and/or mechanical repairs.

DEFINITIONS

N/A

PROCEDURES

Apparatus requiring towing and/or mechanical repairs while participating in non-emergency activities at a distance greater than 15 miles from any Prince George's County boundary line will be the sole responsibility of the individual station.

Once the unit has been returned to the County, the Fleet Administrator has been directed to make the necessary arrangements for the repairs, under the approved maintenance program.
