

Tower 7 Returns to Service

Monday, April 28 2014 09:31 -

Friday April 25, 2014 at 1900hrs Chief Carpio was pleased to notify PSC that Tower 7 has returned to service. It was out of service for an extensive boom refurbishment. While it was out for boom work, the department decided to have a few upgrades made to it including scene and emergence lighting, some mechanical work, and minor fireman comforts. This return to service now completes the fleet of Riverdale apparatus in the station.
