---

April 19th, 2017 - Engine company 807 was dispatched for a reported apartment fire in Company 855's first due. Engine 855 arrived with nothing showing upon arrival but through investigation found a working fire on the terrace level of the apartment build and called for the working fire dispatch. Engine 807B arrived on location and per the running order established the RIT group on location on Side Alpha of the structure. Crews remained on location for approximately 45 minutes prior to command placing the company in service.
